

CURRENT LIST of MEDICAL LITERATURE

Vol.11

November 15, 1946

No.16

SUBJECT GROUPS

- | | |
|--|---------------------------------------|
| • 1. Anatomy; Histology | 26. Infectious Diseases; Epidemiology |
| 2. Anthropology; Ethnology | • 27. Medicine |
| 3. Archeology; Paleontology | 28. Metabolism |
| 4. Aviation Medicine | • 29. Military and Naval Medicine |
| • 5. Bacteriology; Parasitology | • 30. Miscellaneous |
| 6. Biology; Embryology | • 31. Neurology; Psychiatry |
| 7. Bone; Joint; Extremities; Muscle | • 32. Nursing |
| 8. Cancerology | • 33. Ophthalmology |
| 9. Cardiovascular System | • 34. Otorhinolaryngology; Phoniatry |
| • 10. Chemistry; Physics | • 35. Pathology |
| • 11. Dentistry; Stomatology | • 36. Pediatrics; Child Welfare |
| 12. Dermatology | • 37. Pharmacology; Pharmacy |
| 13. Diagnosis; Clinical Methods | • 38. Physiology |
| 14. Dietetics; Foods; Nutrition | 39. Psychology; Mental Hygiene |
| 15. Digestive System | • 40. Public Health; Sanitation |
| 16. Endocrinology | 41. Radiology; Phototherapy |
| 17. Forensic Medicine; Toxicology | 42. Respiratory System |
| 18. Genetics; Eugenics | 43. Surgery; Traumatology |
| 19. Gynecology; Obstetrics | 44. Therapeutics |
| • 20. Hematology | 45. Tropical Medicine |
| • 21. History; Biography; Bibliography | 46. Tuberculosis |
| • 22. Homeopathy; Osteopathy, etc. | 47. Urology |
| • 23. Hospitals | 48. Venereal Diseases; Sexology |
| • 24. Immunology; Serology | 49. Veterinary Medicine |
| 25. Industrial Hygiene; Sociology | 50. Zoology |

THE ARMY MEDICAL LIBRARY

Washington, D. C.

The **CURRENT LIST OF MEDICAL LITERATURE** is for sale by the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C., \$3.00 per year (\$3.75 foreign) 10 cents per single copy. All communications regarding subscriptions should be addressed to the Superintendent of Documents at the above address.

Published weekly by the **ARMY MEDICAL LIBRARY** 7th Street & Independence Ave., S.W., Washington, 25, D.C., as an intraservice publication of the War Department. Lists all articles of medical interest contained in current journals received. Subject-indexes provided monthly. **EXCHANGE INVITED.**

1. Anatomy; Histology

Q. J. Micr. Sc., Lond., 1946, 87: (Sept.)

SANDERS, F. K. Cytochemical differentiation between the pentose and desoxypentose nucleic acids in tissue sections. 203-8, pl.

GORVETT, H. The tegumental glands in the land Isopoda; the rosette glands. 209-35.

RAMASWAMI, L. S. The chondrocranium of *Calotes versicolor* (Daud.) with a description of the osteocranium of a just-hatched young. 237-97.

TSUI, C. L., & PAN, T. H. The development of the olfactory organ of *Kaloula borealis* (Barbour) as compared with that of *Rana nigromaculata* Hal-
lowell. 299-316.

5. Bacteriology; Parasitology

J. Bact., 1946, 52: (Sept.)

GERHARDT, P., & GEE, L. L. *Brucella suis* in aerated broth culture; preliminary studies on growth assays, inoculum, and growth characteristics in an improved medium. 261-9.

GEE, L. L., & GERHARDT, P. *Brucella suis* in aerated broth culture; aeration studies. 271-81.

GERHARDT, P. *Brucella suis* in aerated broth culture; continuous culture studies. 283-92.

WICKERHAM, L. J. A critical evaluation of the nitrogen assimilation tests commonly used in the classification of yeasts. 293-301.

SCHNEIDER, M. D., & GUNDERSON, M. F. A new medium for the detection of urea-splitting organisms. 303-6.

FLORMAN, A. L. False positive hemagglutination by allantoic fluids of embryonated eggs inoculated with unfiltered throat washings. 307-10.

VAUGHN, R. H. MARSH, G. L. [et al.] Decomposition of tartrates by the coliform bacteria. 311-26.

JONES, D., & SCHATZ, A. Methods of study of antiphage agents produced by microorganisms. 327-35.

HARMON, D. R., ZARAFONETIS, C., & CLARK, P. F. Temperature relations in phagocytosis. 337-47.

HINSHAW, W. R., & McNEIL, E. *Salmonella senegal*, a new type isolated from a green mamba snake. 349.

DANIELS, H. S., & STAHLY, G. L. The effect of aeration of amylase production by *Bacillus macerans*. 351.

OWEN, C. R. Acetic acid inhibition of gram-negative bacilli in culture media. 353-6.

EMERSON, R. L., WHIFFEN, A. J. [et al.] Studies on the production of antibiotics by actinomycetes and molds. 357-66.

CROSSLEY, V. M., FERGUSON, M., & BRYDSON, L. The use of soluble starch medium in the preparation of smooth *O* *Salmonella* antigens. 367-71.

BAUM, S. J. A method for the aseptic handling of highly viscous materials. 373.

FEINER, R. R., MEYER, K., & STEINBERG, A.

Bacterial lysis by lysozyme. 375-84.

SAVAGE, G. M., & VANDER BROOK, M. J. The fragmentation of the mycelium of *Penicillium notatum* and *Penicillium chrysogenum* by a high-speed blender and the evaluation of blended seed. 385-91.

WAKSMAN, S. A., REILLY, H. C., & JOHNSTONE, D. B. Isolation of streptomycin-producing strains of *Streptomyces griseus*. 393-7.

POWELL, H. M. Limits of effectiveness of streptomycin in arthritis of rats. 399.

STANLEY, A. R. Toxicity of streptothricin. 399.

10. Chemistry; Physics

Proc. R. Soc., Lond., Ser. A, 1946, 186: No. 1006.

TAYLOR, G. I. The air wave surrounding an expanding sphere. 273-92.

PAYMAN, W., & SHEPHERD, W. C. F. Explosion waves and shock waves; the disturbance produced by bursting diaphragms with compressed air. 293-321, 4 pl.

FRIEDLANDER, F. G. The diffraction of sound pulses; diffraction by a semi-infinite plane. 322-44.

FRIEDLANDER, F. G. The diffraction of sound pulses; diffraction by an infinite wedge. 344-51.

FRIEDLANDER, F. G. The diffraction of sound pulses; note on an integral occurring in the theory of diffraction by a semi-infinite screen. 352-5.

FRIEDLANDER, F. G. The diffraction of sound pulses; on a paradox in the theory of reflexion. 356-67.

BRADLEY, R. S., EVANS, M. G., & WHYTTLAW-GRAY, R. W. The rate of evaporation of droplets; evaporation and diffusion coefficients, and vapour pressures of dibutyl phthalate and butyl stearate. 368-90.

Proc. R. Soc., Lond., Ser. A, 1946, 186: No. 1007.

JEFFREYS, H. An invariant form for the prior probability in estimation problems. 453-61.

CULLIS, C. F., & HINSHELWOOD, C. N. The mechanism of the hydrogen-oxygen reaction; the activation energy of the initiating process. 462-9.

CULLIS, C. F., & HINSHELWOOD, C. N. The mechanism of the hydrogen-oxygen reaction; the reaction in vessels coated with alkali iodides. 469-72.

11. Dentistry; Stomatology

Am. J. Orthodont., 1946, 32: (Oct.)

ROSENBAUM, W. Sclerosing treatment for subluxation of the temporomandibular joint. 551-71.

STOLZENBERG, J. The efficiency of the Russell attachment. 572-83.

ADLER, P. The value of model experiments on tooth movement. 583-90.

KLEIN, E. T. Simplified technique for soldering intermaxillary hooks or stops on small chrome alloy arches without reducing temper of the arch. 591.

Am. J. Orthodont., 1946, 32: Oral Surg. (Oct)

RAE, R. G. The 6th General Hospital (Massachusetts General Hospital Unit). 600-4.

STURGIS, S. H., & HOLLAND, D. J., jr. Observations on 200 jaw fracture cases admitted to the 6th General Hospital. 605-34.

STURGIS, S. H., & HOLLAND, D. J., jr. Surgical correction of mandibular prognathism in two edentulous patients. 635-48.

STURGIS, S. H., & HOLLAND, D. J., jr. Case report of adenoadamantoblastoma. 648-55.

STURGIS, S. H., & HOLLAND, D. J., jr. Case report of reconstruction of lip, chin, and mandibular symphysis. 655-64.

CAL, Chic., 1946, 9: No. 1 (July)

RICE, W. S. Impressions with alginate materials. 2.

CAL, Chic., 1946, 9: No. 2-3

HAUSER, E. D. W. Health and posture of the dentist. 8; passim.

J. Oral Surg., 1946, 4: (Oct.)

MAXWELL, M. M., SCHORK, C. J., & HEIDT, E. Rationale of treatment in maxillofacial injuries with report of four cases. 269-303.

HOPPE, W. E., & MEYER, G. E. Use of penicillin in the treatment of Vincent's infection and its subsequent oral disturbances. 304-12.

MEYER, G. E. Recent review and discussion of penicillin. 313-5.

KNAPP, R. G. Compound composite odontoma of the mandible. 316.

CLARK, H. B., jr. Intra-oral surgical reduction of the mandible after failure to correct the displacement by elastic traction. 318-20.

CLARK, H. B., jr. Stabilization of fragments of an edentulous mandible showing extensive loss of bone. 321-4.

CLARK, H. B., jr. Ranula. 324.

FOTI, D. C. Presence of glycosuria in deep post-operative submandibular cellulitis. 325-7.

HUBBELL, A. O. Fatal tetanus associated with acute maxillary sinusitis. 328.

STETZER, J. J., jr. Bilateral osteotomy for retrusion of the mandible. 329-32.

STETZER, J. J., jr. Osteomyelitis of the mandible. 333-5.

KEMPER, J. W. Reduction and immobilization of fracture of the maxilla by internal wire suspension. 336.

KEMPER, J. W. Open reduction of fracture of the mandible. 338.

KEMPER, J. W. Hemiresection of the mandible for ossifying fibroma. 340-2.

MCCARTHY, W. D., & BURNS, S. R. Preparation of a screw lock sectional splint with mechanical retention. 343-52.

Prótesis clín., Habana, 1945, 6: No. 12. (Dec.)

KNAPP, K. W. Puentes fijos. 4.

Prótesis clín., Habana, 1946, 7: No. 7. (Jul.)

CARRERAS GALLIANO, J. M. Lesiones orales producidas en las víctimas de la bomba atómica. 3.

LINK, W. A. Restauraciones anatómicas de amalgama. 4.

Prótesis clín., Habana, 1946, 7: No. 8. (Aug.)

NEFF, W. Anestésicos en odontología. 3.

YARSLEY, V. E., & COUZENS, E. G. Plásticos. 5.

LANDA, J. S. Estomatodinia y xerostomia; ardor y sequedad de la boca. 9.

LAKNER, L. Retención quirúrgica en placas completas. 10.

Prótesis clín., Habana, 1946, 7: No. 9. (Sept.)

WURZEL, D. El seno maxilar y procedimientos dentales. 5.

ARAUJO CARRILLO, J. La ingestión de fluorina en la profilaxis de las caries dentarias. 8.

20. Hematology

Blood Donor, Johannesb., 1945, 2: No. 8 (Aug.)

CHILD gives blood to baby brother. 9.

Blood Donor, Johannesb., 1945, 2: No. 11 (Nov.)

STORY of blood plasma in the U.S.A. 5-8.

21. History; Biography; Bibliography

Bull. Soc. M. Hist. Chicago, 1946, 5: (June)

MAJOR, R. H. Hippocrates and the Isle of Cos. 323-94.

BAY, J. C. A prelude to medical history. 395-400.

BLACK, C. E. Medical practice in Illinois before hard roads. 401-23.

WARD, H. B. Medical zoology in America's first century. 424-41.

22. Homeopathy; Osteopathy, &c.

Chiropody Rec., 1946, 29: (Aug.)

EKLUND, H. E. Shoe wedging. 115-8.

J. Am. Osteopath. Ass., 1946, 46: (Oct.)

BURNS, L. Early pathogenesis following vertebral strain. 103-6.

DRESSLER, O. Osteopathic education looks ahead. 111-5.

O'DWYER, W. F. New York's war on disease. 115.

ELSEA, E. D. Recent advances in medicine. 121-8.

HART, H. D. Osteopathy and the war on human suffering. 130-4.

MILLS, L. W. Osteopathy; a youthful profession. 134.

23. Hospitals

Hosp. & Health Management, Lond., 1946, 9: (Oct.)

BANHAM, W. J. American Surgical Centre, Queen Victoria Hospital, East Grinstead; the most specialised and up to date in the United Kingdom. 393-8.

HOME accidents; tragedies that can be prevented. 399-401.

MILLWARD, R. C. The hospital administrator and the X-ray department; how to avoid inefficiency and waste. 403-5.

Hosp. Progr., 1946, 27: (Aug.)

ROSE, E. J. The medical and hospital activities of the Veterans Administration. 251-3.

BROWN, H. E. The voluntary hospital and the care of veterans. 254-6.

PETRY, L. The adaptation of nursing education to the nursing needs of the nation. 257-9.

MANDIN, J. (Sister). The personnel policy for general duty nurses. 260-2.

ARESTAD, F. H. Education for the health professions. 264-6.

MCINERNEY, J. J. Procedures for the intern recruitment programs as devised by the Association of American Medical Colleges. 267.

GRIFFITH, W. H. The relation between the growth of nutrition and the science of dietetics. 268-71.

M. SERAPHIA, (Sister). High protein diet. 272.

BRENDAN, (Sister). The neutral diet. 273-5.

WICKENDEN, H. A pension program and its relation to hospital personnel. 276-9.

Hosp. Progr., 1946, 27: (Sept.)

HAMILTON, H. The hospital survey as an aid in institutional education and planning. 288.

FLAHIFF, M. P. (Sister). The collection and centralization of statistics. 290.

MILLER, L. I. Principles of organization and administration. 292.

COY, L. Cotton's future in the hospital. 294-6.

BATH, F. J. Accounting in the development of hospital rates. 300-2.

HERNER, W. The nursing care of psychiatric patients. 302.

M. BONAVENTURE, (Sister). The teaching responsibilities of the dietitian. 305-7.

M. CLARA FRANCIS, (Sister). Preparation of parenteral medications. 308-12.

M. CRESCENTIA, (Sister). The need of psychiatric nursing in a general hospital. 313.

24. Immunology; Serology

J. Immun., 1946, 53: (Aug.)

GROUPE, V., NIGG, C., & MACFARLANE, J. O. On increasing the yield and potency of typhus vaccine prepared from infected yolk sacs. 303-14.

PLOTZ, H. Allergenic and anaphylactogenic properties of vaccines prepared from embryonic tissues of developing chicks. 315-53.

PLOTZ, H. Allergenic and anaphylactogenic properties of vaccines prepared from embryonic tissues of developing chicks; skin-sensitivity following the subcutaneous inoculation of typhus vaccines in man. 315-9.

COULSON, E. J., & STEVENS, H. Allergenic and anaphylactogenic properties of vaccines prepared from embryonic tissues of developing chicks; anaphylactogenic properties of typhus fever vaccines and equine encephalomyelitic vaccines. 321-42.

STULL, A. Allergenic and anaphylactogenic properties of vaccines prepared from embryonic tissues of developing chicks; a study to determine whether chick-embryo yolk-sac vaccines contain sufficient egg proteins to cause severe systemic reactions if given to egg-sensitive individuals. 343-53.

HOCHWALD, A., & RACKEMANN, F. M. Studies on the physiology of anaphylactic shock; the reactivity of the isolated rat intestine to antigen, to histamine, and to acetylcholine. 355-64.

OLITZKI, L., CZACZKES, J. W., & KUZENOK, A. Endotoxic factors of *Rickettsia prowazekii* and their immunological relationship to the endotoxins of other gram-negative microorganisms. 365-70.

MILLER, E. S., SCOTT, E. B. [et al.] Chemotherapy of experimental anthrax infections. 371-9.

TARAN, L. M., JABLON, J. M., & WEYER, H. N. Immunologic studies in rheumatic fever; antistreptolysin patterns in rheumatic children. 381-90.

KULKA, A. M., & HIRSCH, D. Studies on ragweed pollen sensitization in rabbits and guinea pigs. 391-9.

J. Immun., 1946, 54: (Sept.)

MEIKLEJOHN, G., WAGNER, J. C. [et al.] Studies on the chemotherapy of viruses in the psittacosis-

lymphogranuloma group. 1-16.

MEIKLEJOHN, G., WAGNER, J. C., & BEVERIDGE, G. W. Studies on the chemotherapy of viruses in the psittacosis-lymphogranuloma group; effect of penicillin and sulfadiazine on ten strains in chick embryos. 1-8.

WISEMAN, R. W., MEIKLEJOHN, G. [et al.] Studies on the chemotherapy of viruses in the psittacosis-lymphogranuloma group; effect of penicillin and sulfadiazine on seven strains in mice. 9-16.

PENN, H. S., & JACOBSEN, E. M. A heterologous principle in human cancerous liver; its effect upon the Brown-Pearce tumor. 17-33.

WAGNER, J. C., MEIKLEJOHN, G. [et al.] Psittacosis vaccines prepared from chick embryo tissues. 35-46.

SCHNITZER, R. J., LAFFERTY, L. C., & BUCK, M. The role of antibodies in experimental drug resistance of *Trypanosoma equiperdum*. 47-57.

WALL, M. J. Isolation of the virus of lymphogranuloma venereum from twenty-eight patients; relative value of the use of chick embryos and mice. 59-64.

FINK, H. W., BURTON, I., & WHEELER, W. E. The applicability of skin tests for sulfonamide hypersensitivity in children. 65-7.

SELIGMANN, E., SAPHRA, I., & WASSERMANN, M. Salmonella infections in the U.S.A.; a second series of 2,000 human infections recorded by the N.Y. Salmonella Center. 69-87.

MAYER, M. M., & HEIDELBERGER, M. Studies in human malaria; complement-fixation reactions. 89-102.

MORGAN, H. R. Use of yolk sac antigens for skin tests in rabbits infected with the virus of meningoencephalitis. 103-6.

27. Medicine

Arizona M., 1946, 3: (Sept.)

SALMON, G. W., PARK, J. H., jr., & BICKEL, L. The management of pyogenic meningitis in infants and children. 293-301.

ENFIELD, G. S. Coarctation of aorta. 302-4.

BREAZEALE, E. L., & REUSSER, T. R. Studies on the effect of diluting fluids on serological titres; a comparison of normal saline, 2.5% saline and pooled negative sera as diluting agents. 304-7.

GOTTHELF, E. J. D.H.E.45 (dihydroergotamine) a new drug in the treatment of migraine. 307.

Brit. M. J., 1946, 2: (Sept. 28)

LINNELL, J. W., KEYNES, G., & PIERCY, J. E. Some vulgar errors in regard to goitre. 449-52.

FISHER, T. N. Asthma in childhood. 452-4.

DUNKERLEY, G. E. Perforation of the ileum in enteric fever. 454-7.

HAYWARD, G. W. Amoebiasis in Italy. 457-9.

CHARLES, A. H. A case of hydatidiform mole at age 52. 460.

BARCLAY, R. C., & LEATHAM, A. An unusual complication of thioracil therapy. 461.

LANDSBOROUGH, D. Ascariasis causing acute intestinal obstruction. 461.

SCHOLEFIELD, J. Carcinoma of colon causing acute intestinal obstruction in youth of 17. 461.

BURGESS, J. A. A container for the culture of gonococci in carbon dioxide. 463.

KORENCHEVSKY, V. Conditions desirable for the rapid progress of gerontological research. 468

Bull. Acad. M. Cleveland, 1946, 31: No. 10 (Oct.)

KNAPP, H. J., TIMEN, G. E., & SCHIFFMAN, C. Highlights of the official public health history of Cleveland. 8-12.

Bull. Acad. M. Toronto, 1946, 19: (Aug.)

CRANFIELD, H. V. Assessment of the working capacity of the physically disabled person. 225-33.

GORDON, R. A. Anaesthesia in the plastic surgery unit Canadian Army overseas. 233-7.

MacDONALD, J. D. C. Anaesthetic experiences in 504 urological operations. 237-40.

Bull. Acad. M. Toronto, 1946, 19: (Sept.)

HUME, E. H. The contributions of Chinese medicine. 246-59.

Bull. Acad. M. Toronto, 1946, 20: (Oct.)

HOPKINS, H. E., & MEREDITH, R. H. Anaesthesia in upper abdominal surgery. 9.

BUTT, W. Anaesthesia in obstetrics. 11-4.

Delaware M. J., 1946, 18: (Sept.)
